

# Dr. Martin Trüeb

**Date of Birth:** October 5<sup>th</sup> 1979

**Formation:** MSc. Structural Engineering EPFL  
PhD. Structural Engineering ETH Zurich

**Languages:** German (native language)  
English (very good)  
French (good)  
Spanish (basic)

## Work Experience:

2005 - 2011	PhD Thesis on numerical modeling of High Performance Fiber Reinforced Cementitious Composites
2011 - present	Development and support of FEM software and customer support for CAD software

## Expertise:

Numerical modeling in the field of structural analysis, earthquake engineering and structural dynamics

Linear and nonlinear finite element modeling and analysis of steel and concrete structures

Support of Autodesk BIM and CAD solutions for engineers, in particular Revit Structure and BaCAD for AutoCAD
